ESBL only
OmpK36 disruption only
both
B
Determinant associations
OmpK36 disruption
acquired ESBL
11.18
3.56
10^0
10^1
odds ratio for resistance (log scale)
odds ratios are unadjusted; both determinants are positively associated with resistance
C
Candidate determinants carried
both determinants
66 (57.9%)
OmpK36 disruption only
4 (3.5%)
acquired ESBL only
